QUESTION ?**

discipleship opportunities

Here are some options for out-of-group discipleship throughout this series. Deciding how many and which options to complete with your group is totally up to you, but these are some starting points for encouraging your students to continue growing in their relationship with Jesus throughout this series.

index.

Throughout this series (and beyond!) students are likely to have questions about a lot of topics surrounding God and faith. We can encourage our students to look for answers on their own using the concordance in their Bibles. In the back of the Teen Life Application Study Bibles, there is a "Life Choices Index" on page 1423 followed by a "Features Index" on page 1459 and a "Where to Find it" section on page 1465. You can do a quick "crash course" with your students on how to use the index in their Bibles and encourage them to explore on their own. If they have more questions or need more context, ask your coach for a "Where to Find it" concordance.
