

# discipleship opportunities

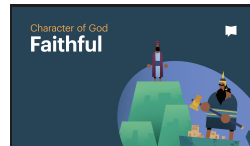

Here are some options for out-of-group discipleship throughout this series. Deciding how many and which options to complete with your group is totally up to you, but these are some starting points for encouraging your students to continue growing in their relationship with Jesus throughout this series.

## videos

Check out these two videos by the BibleProject, which go through two characteristics of God. These videos are a great way for your students to practice the purpose of growing in the Lord. Scan the QR codes to access these videos and then send them to your students to watch.

**bibleproject: Grace**

**bibleproject: Faithful**

## encouraging notes

Take some time in one of your Life Group meetings to have students write encouraging notes to everyone in the group. Tell your students to keep these notes and pull them out when they are going through something difficult. This is a great way to show what it means to belong to a community.

## serve opportunity: motel ministry

The Motel Ministry gives students the opportunity to minister to and care for long-term residents at local motels. Motel Ministry puts on church services for residents who may not otherwise have the opportunity to go to church. This is a great way for students to share their faith with others and encourage them with their presence. Scan the QR or use this link (<http://bitly.ws/wRwE>) and send it to your students.
