

Basics of the Bible

discipleship opportunities

Here are some options for out-of-group discipleship throughout this series. Deciding how many and which options to complete with your group is totally up to you, but these are some starting points for encouraging your students to continue growing in their relationship with Jesus throughout this series.

baptism at JHM.

If your students have made the decision to follow Jesus, then the next step is to get baptized! Baptism is an outward expression of the inward change that Jesus has done in our lives. JHM has baptisms on the first weekend of every month. Have your students scan the QR code or use saddlebackjhm.com/baptisms to find out more information.

21 days in the book of John.

This 21-day reading plan on the Bible App is called "21 Days in the Book of John" and it takes students through the Gospel of John. Scan the QR code below or use this link (rb.gy/sbb84) to access the reading plan and send it out to your students to follow along.

BibleProject videos.

Check out the BibleProject on YouTube. They have videos on every book of the Bible, which you can send to your students throughout the week to help them better understand each book of the Bible and the story that is embedded within it. Search "bibleproject old testament" for videos on the Old Testament and "bibleproject new testament" for videos on the New Testament on YouTube.
